

Right Side

Swoope

My right side won't trade it
My right side won't lose her
Every time I'm looking in the mirror
I see my right side

Ride or die, loyalty or perish
More than being loyal to your parish
You're down for me
Come hell or high water you'll drown for me
Drown in me, hounding me, what can I say though you're bound to me
Not an ounce of peace, cause when it was bad you was in here
Used to nag all in here all in here
Like an ounce of grease (Ha!)
I'm clowning geez I know that you're loyal to me
But in all honesty sometimes you get annoying to me

I wake up early in the morning
I can't take another night oh baby
Private sin puts me in with her
Still my right side
But can you tell me in the war
Can you see me alive?
I can't take it anymore
You're in my sight

My right side won't trade it
My right side won't lose her
Every time I'm looking in the mirror
I see my right side

Yeah
They say that the heart wants what the heart wants
But my heart's wish is darkness my heart haunts
My heart fronts deceiving me when I'm thinking I'm praying I'm really preyin
g my heart hunts
My heart stunts but its dead to me, so its rules I will ignore
But it's a lure , an enticing pull I still endure
I'm torn Dirty Diana can touch em flirting with hammers
I'm Thor cause I throw but it comes right back round like what goes I'm thor
n
What rose up comes fronting confronts me like Rosa
Don't want but I wanna I'm school from them roses
Them roses' petals is pedalling devilish fruit to my soul
Man I'm human I know coz this feud is so cold
Mya, I know my heart is a monster every time I think I get stronger it seems
my heart I can't conquer
This thing is driving me bonkers
Death all up in my body
Who delivers me from this problem?
Its Jesus standing beside me

You're with me early in the morning
The very minute I arise
They say there's nothing I can do to lose you
You're in my right side
I'm at the battle with my woes (Don't leave me alone)
I may not make it through the night oh Lord (Don't leave me alone)

Can't do this on my own (Don't leave me alone)
Stay at my right side (Don't leave me alone)
Ooooooh
I'm at the battle with my woes (Don't leave me alone)
I may not make it through the night oh Lord (Don't leave me alone)
Can't do this on my own (Don't leave me alone)
Stay at my right side
