

# Shine

Swoope

Hey son, this is Dad calling. And I just wanted to leave a word to say shine  
. Tell 'em all of the problems, every aspect that you may be having. Just shine.  
Just shine son, that's what I want you to do. Just shine.

Na na, na na, na na, na na  
Na na, na na, na na, na na  
Na na, na na, na na, na na  
Na na, na na, na na, na na

Ain't gon' tell no lie, yeah, I been through the fire  
But I'm still gon' shine, yeah, 'cause I got the light, yeah  
Ain't no way to stop the wave, the Devil is a liar  
Ain't no pain that I can't take, when the sun is shinin'

And it's all right, a'ight, a'ight  
And it's all right, a'ight, a'ight  
And it's all right  
This little light of mine, yeah  
I'm gonna let it shine, yeah  
And it's all right

Yeah  
I don't know what you was expecting but you listenin' to a miracle  
I know it's kind of a confusin' reflection  
I don't look like what I been through  
I thank God for the mercy on me  
I pray to God 'cause this work is lonely  
For every time I was chasing the check  
I pray to God "Keep working on me", uh  
Prayin' hands, then an umbrella, then a one-hundred, then a church emoji  
Man, I'm thanking God for raining blessings down on the real doing his work  
It's only one life that we got so we gotta live it like this is not only for  
existin'  
Time's a commodity, come out of the illusion that you got time for chillin'  
I ain't have a choice so I took a chance  
I ain't have a voice so I took the stance  
I can keep it real or I can keep it moving  
You can't keep me still so I'ma keep improvin'  
'Cause everybody with a dream don't chase it  
Everybody with some talent don't make it  
Everybody got time, don't waste it  
The wave is celebratin' God's graces

Ain't gon' tell no lie, yeah, I been through the fire  
But I'm still gon' shine, yeah, 'cause I got the light, yeah  
Ain't no way to stop the wave, the Devil is a liar  
Ain't no pain that I can't take, when the sun is shinin'

And it's all right, a'ight, a'ight  
And it's all right, a'ight, a'ight  
And it's all right  
This little light of mine, yeah  
I'm gonna let it shine, yeah  
And it's all right
