

# We Go On

Swoope

Love is the reason that you and I are here today

Where do we go from here, where do you we go from here

We go

We go

We go

Where do we go from here, where do you we go from here

We go

We go

After you pick up pieces of shattered and broken dreams  
After you get to see that the the ladder to hope it leans  
After the disappointment when officers beat the trial  
After the missed appointments it's hard to conceive a child  
After you wishing lord I just wanna walk down the aisle  
After you get the point that tears water the smile  
You prayed every prayer, you sang every song  
You gave him every care now tell me where do we go, we go

Where do we go from here, we go

We go

Love is the reason that you and I are here today

After you looking backwards face plastered on happily ever after  
Faith shattered  
Can't fathom of having to take it back to square one  
With the weight-i-ness of perfection  
You waiting to take the exit from taking it through depression  
Now you scared huh  
Game plan it disappeared huh  
Changed plans they just appeared huh  
Must be a circus it ain't fair huh  
Heavy as a bench press  
I want this cup to pass cuz I fail to see the French press  
I only want you to pour if it's sweet  
This cup of coffee is painting a portrait of me  
Take the bitter and just throw it in the sea  
But I need the difference of the bitter so I'll know it when it's sweet  
Take the good with the bad  
Take the hood with the class  
Take the rain with the sun  
Take the pain when it comes  
Catch a break when you can  
Catch a wave with the fam  
Let go let go control  
It's chasing the wind and just go on

Where do we go from here, where do you we go from here

We go

After you pick up pieces of shattered and broken dreams  
After you get to see that the the ladder to hope it leans  
After the disappointment when officers beat the trial  
You prayed every prayer, you sang every song  
Gave him every care now tell me where do we go, we go

Where do we go  
Where do we go

Where do we go from here, we go
