

# Unleashing Hell

Sword

1986 in Montreal  
Smokin' chicks, and free for all  
In our 20s, ready to brawl  
Not much money, but lots of balls

1986 in Montreal  
Cocaine hits, and many fall  
In our 20s, heading the call  
Chuggin' beer and alcohol

We were doing fine, and we knew it well  
When the time came for  
Unleashing hell  
(Yeah)

1986 in Montreal  
Making music, and rattling walls  
In our 20s, and standing tall  
Setting fires in every hall

1986 in Montreal  
Sounding thick, and filled with gall  
In our 20s, ready to maul  
Asking nothing and taking it all

We were doing fine, and we knew it well  
When the time came for  
Unleashing hell (ow)  
(Yeah)  
(Come on)

1986 in Montreal  
Making music, and rattling walls  
In our 20s, and standing tall  
Setting fires in every hall

1986 in Montreal  
Sounding thick, and filled with gall  
In our 20s and ready to maul  
Asking nothing and taking it all

We were doing fine, and we knew it well  
When the time came for  
We were doing fine, and we knew it well  
When the time came for  
Unleashing hell

All right  
Oh, yeah  
Come on  
Woah  
Ow, ow  
Ow, ow
