

# Miss You

SWV

Oh I  
Still can't believe that you're gone  
It, was suppose to be forever you and me  
Still got your number in my phone  
I'm just hoping it will ring  
Maybe it's a dream

Oh I  
Still smell the scent of your cologne  
I can feel you holding me  
Even hear you breathe  
Wish I could see where we went wrong  
Cause I felt what we had was so strong

But they say when you love something  
Let it go  
If they really loved you  
Then you would know  
Cause it'll come back  
It'll come back to you  
Miss you, miss you, miss you  
They say when you love something  
Let it go  
If they really loved you  
Then you would know  
Cause it'll come back  
I hope you come back to me, cause I  
Miss you, miss you, miss you

Oh I  
And I'm going through pictures  
That we took  
And it's so crazy  
Cause I really miss your smile  
Remember the dinner that you cooked  
We just laughed until we cried  
But we really tried  
I was never first in your book  
Your hustle was your wife  
I was on the side  
And I tried to ignore it in my look  
Cause it would hurt too much  
When I would

They say when you love something  
Let it go  
If it really loved you  
Then you would know  
Cause it'll come back  
I hope you come back to you, cause I  
Miss you, miss you, miss you  
They say when you love something  
Let it go  
If it really loved you  
Then you would know  
Cause it'll come back  
I hope you come back to me, cause I  
Miss you, miss you, miss you

I can't sleep if you ain't right beside me  
Can't breathe if you ain't here  
No baby (no oh, no oh)  
Ain't me if you ain't here, no baby  
So gone without you I'll go crazy  
Ooh cause I miss you

But they say when you love something  
Let it go  
If they really loved you  
Then you would know  
Cause it'll come back  
It'll come back to you  
Miss you, miss you, miss you  
They say when you love something  
Let it go  
If it really loved you  
Then you would know  
Cause it'll come back  
I hope you come back to me, cause I  
Miss you, miss you, miss you

Love let it go  
Love you would know  
Come back, come back to  
Miss you, miss you, miss you
