

# What We Gon' Do

SWV

We might be too good  
Might be too right  
Even got them complimentary Zodiac signs  
Aesthetically, a sight to see  
But somethin' 'bout our love  
Don't seem to be enough  
And

What do we do  
When somethin' so beautiful  
Starts fadin'  
Slammin' the doors  
And throwin' down chairs  
I think I know exactly what we're faced with

Oh, can't sleep at night  
Thinkin' 'bout ya got me goin' crazy  
Look at how you made me  
Boy, you used to hold me tight  
Now you're actin' like you don't know me  
Baby, won't you tell me  
Yeah

What we gon' do  
When the battle gets here?  
Whenever you go left  
We keep on losin'  
(Losin')  
If it ain't right then we need to let it go  
What we gon' do?  
What we gon' do?  
What we gon' do?

We made mistakes  
But every time we fuss, boy  
I can see us slowly starting to break  
No compromise, didn't realize  
This world of strains was wearin' us thin  
Oh

What do we do when something so beautiful  
Starts fadin'?  
Slammin' the doors  
And throwin' down chairs  
I think I know exactly what we're faced with

Boy, I can't sleep at night  
Thinkin' 'bout ya got me goin' crazy  
Look at how you made me, yeah  
Boy, you used to hold me tight  
Now you're actin' like you don't know me  
Baby, won't you tell me  
Yeah

What we gon' do  
When the battle gets here?  
Whenever you go left  
We keep on losin'  
Oooh

If it ain't right then we need to let it go  
(Go)  
What we gon' do?  
(Do)  
What we gon' do?  
(Do)  
What we gon' do?

Boy, you got me holdin' on for dear life  
I want to make it  
But the both of us have got to try  
We keep trippin' and shootin' at each other's heads  
Yeah  
We're on the same team  
We're just so in love together  
So you better keep the magic  
Before it gets tragic  
I ain't got no time for mistakes  
Better fix it before it breaks  
Yeah, yeah

What we gon' do?  
Hey, what we gon' do?  
What we gon' do?

Boy, I can't sleep at night  
Thinkin' 'bout ya got me goin' crazy  
(Crazy)  
Look at how you made me, yeah  
(How you made me)  
Boy, you used to hold me tight  
Now you're actin' like you don't know me  
Baby, won't you tell me  
(Won't you tell me?)  
What we gon' do  
When the battle gets here?  
(Hey)  
Whenever you go left  
We keep on losin'  
(Losin')  
If it ain't right then we need to let it go  
(Let it go)  
What we gon' do?  
(Oh)  
What we gon' do?  
(Oh)  
What we gon' do?

Oooh  
Oh  
We need to let it go  
If it ain't gonna work, baby  
Oh, yeah, yeah  
Baby, what we gon' do?  
What we gon' do?  
What we gon' do?
