SXMPRA

Steady pavin the way
Say what I say
Play in the game
Till I stay in a grave
Slay like a blade
When I chase for the prey
Mane I never gave a fuck about the plays that I made
These plays that I made
Be the way that I raise
What I need to be safe
What I need to be safe
What I need to be safe
Is a blade to the brain
Is a blade to the brain
Got a place in the drains

I don't wanna talk about shit

I don't give a fuck bout another one runnin that lip

I don't wanna do it imma dip

I don't wanna beat around a mothafucka tell em how it is

You don't wanna do it with da kid
Sxmptra the master
Bad with the rap
Let it rip

Say you wanna feature where da tip
I am the element needed to push out a hit

They used to look at me like I ain't shit
Now that I rap they be changin up quick
Schema be the posse ride for the clique
No time for a hater
No time for the bitch

Son of a serpent I'm finding my purpose resurface the ways of the ancient I'
m hurtin'

Shut da curtains
Creepin' and lurkin'
Sick in the mind
And the liquor ain't workin'

And the liquor ain't workin'
And the liquor ain't workin'
And the liquor ain't workin'
And the liquor ain't workin'
And the liquor ain't workin'
And the liquor ain't workin'
And the liquor ain't workin'

Let me go
Let me go
Let me go

Let let go

And lock yo door
Lock yo door
Lock yo door
Better lock yo door
