

## Back & Forth

Sy Ari Da Kid

Say you wanna talk  
Don't go too far, yeah  
This ain't well at the crib, in the car  
You can tell 'cause you can't call  
It's fine, we ain't gotta talk, I'm alright  
I'm alright, I'm alright  
It's not that deep, you ain't gotta worry 'bout it  
I'll figure it out, you just the first option, oh

Do you got the love that I want?  
Do you got the love that I need?  
I'm waiting on you, yeah, yeah  
I know that you special, I ain't tryna stress you  
But here we go back and forth, hey  
Back and forth  
Go back and forth, yeah  
Always going back and forth, ayy  
Back and, we going  
Back, back, forth  
Here we go back and forth, yeah  
Back and forth, oh  
Go back and forth, yeah, yeah  
Always going back and forth  
Go back and forth  
We go back and forth  
Back, back, forth and forth

Time, oh we worry 'bout the time  
What else? I guess that bitch wasn't right  
Made you look in my eyes, everything ain't a sign  
I don't tell you everything but that don't mean it's a lie  
Yeah, whatever, yeah, you can say whatever, wait  
Tell me that you never, oh no, I know, I know better  
Oh now I'ma grown but you say I'm controlling  
And I know you bipolar, I hope it's not over

'Cause I got the love that you want  
And I got the love that you need  
I know you waiting on me, yeah  
I'm just tryna bless you, I ain't tryna stress you  
But here we go back and forth, hey  
Back and forth  
Go back and forth, yeah  
Always going back and forth, ayy  
Back and, we going  
Back, back, forth  
Here we go back and forth, yeah  
Back and forth, oh  
Go back and forth, yeah, yeah  
Always going back and forth  
Go back and forth  
We go back and forth  
Back, back, forth and forth
