Sy Ari Da Kid

Sitting here thinking of a caption
Maybe that's a caption
Pull up on you, girl, you talking mad shit
Yeah, I'm on that shit
Every action has a reaction
Even past tense
Heartbreak, I'm the master
I could prolly give classes
You not on me, pay attention if I like you, I
If love had a party tonight, I'd invite you twice
You, you, you fire, girl
What you know 'bout a real nigga?
Your last nigga was a liar, yeah
Yeah, yeah

Say you wanna be more like you
And less like me
But you just like me
You official like a ref, like me
I will not apologize
For being me
But I will apologize for the times I am not
I'ma keep it G
You know you a queen
Yeah, if you a bird, I'm a bird, baby, spread your wings
Yeah, keep up or fall back, I know what you need, need me
Yeah, yeah
On the same page, I know how to read
And life ain't always what it seems
But everything is meant to be
Yeah, yeah, yeah, yeah
