

Closure

Sy Ari Da Kid

We need closure
I think we need closure
You say it's over but you can't let me go
I hate to tell you I told you so
Cause you was lost girl
And you just wanna find love
But do it all girl
I'm gon always blame us

Know its been a minute but
I've been on my grind
You've been on my mind
Hope you ain't in a rush
Know about your pride
Put it to the side
I've been chilling in the cut
Look me in the eye
I ain't gonna lie
I see other women but
They ain't nothing like you
I swear
I ain't gon lie no more
Don't wanna cry no more
We ain't gotta try no more

We need closure
I think we need closure
You say it's over but you can't let me go
I hate to tell you I told you so
Cause you was lost girl
And you just wanna find love
But do it all girl
I'm gon always blame us

Tryna end this chapter
Pussy all you was after
Call then I hang up
I don't wanna fuss but I want attention
And it cant be from another guy
Said that I was done
Never meant it once
Can't be with another guy
Can't be on the other side
I love you but I don't wanna cuff you
Its not personal
I'm just used to you
And you not the same
Why this pain feel so good
Tell me to cut you off it I could

We need closure
I think we need closure
You said its over but you can't let me go
I hate to tell you I told you so
Cuz you was lost girl
You just wanna find love
But do it all girl

I 'm gon always blame us
