

# It's Different

Sy Ari Da Kid

Yeah, yeah  
Yeah, yeah, yeah

You was wildin' with your friends every single time that you saw me, yeah  
Scared to slide in my DMs, so you just reply to my stories, yeah  
And I smile when you come in, yeah  
Other guys lookin' salty, yeah (That's facts)  
You can play with whoever you want, just not with my shawty, yeah

She had enough of all them lames  
He know not to say you run game, I put her on game  
We are not the same  
It's different, different, yeah  
It's just different, yeah, yeah

Ayy, I'm down to ride, but it's all dependin'  
I love your vibe but fuck all these women  
You tell me stories 'bout all your niggas  
I hit it raw and came all up in it  
Don't call me bro 'cause we more than friendly (That's facts)  
Yeah, you need somethin' that's different  
Mix the hugs with the kisses  
These hoes up in our business  
That ain't surprisin', yeah, yeah  
I really can't hide it  
I think you the flyest  
I been on autopilot, yeah, yeah, yeah  
Damn right, gave you my soul in advance  
'Cause you gave me so many chances (Chances)  
And I know the hoes finna panic  
Not finna ghost and just vanish

You was wildin' with your friends every single time that you saw me, yeah  
Scared to slide in my DMs, so you just reply to my stories, yeah

It's different, different, yeah  
It's just different, yeah, yeah  
Yeah, yeah

Don't go in hot, open wide  
Show some pride, don't defy  
Let's coincide, don't go inside  
Know it's mine, put in overtime  
And I got a feelin', baby, that you work for me (That's facts)  
Come get these lil' bitches up off of me  
'Cause what can they offer me? Yeah  
Big time lovin', shit, I want it  
Had pride last time, but baby, this time, fuck it  
Take a risk, I'm thuggin'  
And a bitch, I'm stuntin'  
'Cause she was on this side before the risk, I flooded (Yeah)

And I don't take that for granted (I don't)  
I know your ass demandin' (Woah)

You was wildin' with your friends every single time that you saw me, yeah
