

# Never Write Always Right

Sy Ari Da Kid

This that moment where they-  
That's how I come up with the shit I write but  
I don't write I'm just always right  
Yeah, I'm sick of all these rap bastards  
Now I'm back like cab backwards  
Wait that's average  
They used to laugh at 'em  
I used to help 'em stay sharp till they back-stabbed 'em  
Like they recording in reverse, they back tracking  
Sure 'nuff like I just seen the last dragon  
Got a lot of childhood memories of dad laughing  
He tried to tell us jokes even though he was bad at it  
In the skreets contrary to my believe  
I reach cause if I sell it I buy it cheap (you wanna)  
And if I sell it, it wasn't me (I gotta)  
I said if I sell it, it wasn't me  
Now you know the levels  
I'm from a era where Flex drop bombs and Clue spoke with echoes  
I'm too close to settle, label that's rude bold and thorough  
Could've went pro but  
They said I was too old and ghetto  
Ball like Manute Bol or [?] and Melo  
Cause truth told  
Even at a traffic light all I see is green and red  
Nobody ever move slow on yellow  
You get the memo  
Either you stop or you go coz there ain't no inbetweens when you out on that  
road  
It's y'all choice  
Would you rather fly or just grow  
You niggas must not know  
I'm from a place so poor  
The tow truck man truck got towed  
Hold up, the tow truck man truck got towed  
Shit that's crazy  
But that maybe  
The craziest shit you ever heard  
You lay in your piss, you'll never learn  
Word, God bless the man was born a legend  
Even the devil was born in heaven  
Why is these little niggas tryin' me  
But I'm finna Kawhi Leonard  
Kill 'em quietly

A nigga fly call me niggarace  
The price high  
Hurry up and buy the sip beside me yeah  
I'm tight rowdy  
I can't call you sir cause  
Niggas might clown me  
Like, pipe down, I got Christ round me  
You more like Kyle Lowry, I'm Mike Lowrey  
And I'm not a morning person  
But I'm up in the morning  
Customers yawning, you unemployed  
I come to employ 'em, you wanna join  
Like a nigga at a gender reveal they want the boy

(Stop right there)
