

# Queen

Sy Ari Da Kid

Girl open your eyes  
Don't let 'em lies no  
Wipe away them tears girl  
Ain't got to cry  
Cause you know you a queen  
You know you a queen  
And I ain't trying to be a hater  
All my real niggas they know what I mean

Girl don't do no talking, right now you should listen  
Let me guess he claimed he the realest nigga living  
I be he said he different  
And he don't know these women  
I never been a pimp, but I'm gon' keep it pimping  
Seem like anytime he home, you run to the kitchen  
But anytime you need him that when he just come up missing  
I feel I got to let you know my partners say I'm tripping  
Cause I love all my queens but I don't love these bitches

Why you won't let him go  
You know he wrong for you  
That's why this song's for you  
You ain't bitch, you ain't no hoe  
You ain't no thot and that's for sure

Girl open your eyes  
Don't let 'em lies no  
Wipe away them tears girl  
Ain't got to cry  
Cause you know you a queen  
You know you a queen  
And I ain't trying to be a hater  
All my real niggas they know what I mean

You said he spent a couple bands on you, alright  
But then he put his hands on you  
That shit gangster and he know it  
His pride won't let him show it  
Ain't the one to save these hoes  
Cause girl I ain't heroic  
But I will put you on game  
And let you make the decision  
You know that's a crime  
Girl you finna catch a sentence  
And I know I'm a G don't put them lames in my division  
Cause I love all my queens and I don't love these bitches

Why you won't let him go  
You know he wrong for you  
That's why this song's for you  
You ain't bitch, you ain't no hoe  
You ain't no thot and that's for sure

Girl open your eyes  
Don't let 'em lies no  
Wipe away them tears girl  
Ain't got to cry

Cause you know you a queen  
You know you a queen  
And I ain't trying to be a hater  
All my real niggas they know what I mean  
Cause you know you a queen  
You know you a queen
