Do better than your ex, girl, that ain't nothing
Hold up, where you get them lames from?

Type of shit to make you hang up and call right back, yeah
We fall off then fall right back
You like how I set like bar like that, yeah

You criticize me, say I'm controlling
You had a temper, couldn't control it
I had emotions and never showed it
You did your hair and your nails, I never noticed, yeah
My bad, didn't realise, I was too busy looking in your eyes
Yeah, yeah, fuck everybody, girl, it's you and I
Send a random text just to see if you reply, yeah, yeah

You think I'm used to them games, know I
Never, ever got along with no one else
I know you better than you know yourself

Ignore the outsiders and cherish what's in between

'Cause even when I sleep, you be there in a nigga dreams
Give you whatever I got, I'm sharing but end the means
