

End & Start Again

Syd Matters

I was trying to find the river's end
I was trying to reach my ocean friends
I didn't know exactly where I was going
Didn't know exactly if I was droning down

But I was trying to reach my mother's eggs
I was jumping over and then I was bent
Didn't know exactly where I was going
Didn't know exactly if I was burning clean

But I know when the sun shines
It's not too late
That doesn't rhyme in the rainfall
Down in the sunshine
Going over the rainbow
I won't get off
I won't get off

Find the bride once
Some of them would cry
Some of them will lie
Some of them would shine above

'Cause they were children once
They could've known
They could've shown
But they didn't show at all

But I know when the sun shines
It's not too late
That doesn't rhyme in the rainfall
Down in the sunshine
Going over the rainbow
I won't get off
I won't get off
Down in the sunshine
Going over the rainbow
I won't get off
I won't get off
I won't get off
I won't get off

I was planning the end of the human race
I was building spaceships to colonize space
I was planning the end of the human race
I was building spaceships to colonize space
I was planning the end of the human race
I was building spaceships to colonize space
I was planning the end of the human race
I was building spaceships to colonize space
