

No more lies
No more lies
It's a flame in your eyes
See my heart is burning in your eyes

Oooh heart, keep knocking
Coffee-blood, fast healing
'til i don't feel bruises anymore

A house of fear
A dying house
A dying house
In our bed, stay near me in our bed

No more lies
No more lies
See my heart is burning in your eyes

Ooh let's keep walking
It's a whole like walking
Truth is i'm not going anywhere

I am not going anywhere
