Bad Dream / No Looking Back

Syd

Deeper than still waters
Explorin' your peaks and your hills
You be fiendin' the thrills
'Cause you're a freak on the low
And I'll go as deep as can go, as deep as can go
You let me know that it's real
And you get mad on the phone
I be hatin' the tone, there's just a lot going on
I think you know I'm missing you still
Though maybe you don't
Don't let me get you alone

I can break you off and hold it down
Give you all the things your body's asking for
You can get me off, you put it down
You ain't gotta lie, I know you nasty
I said you ain't gotta lie, I know you nasty
Had you screamin' like a bad dream

We only kiss when we fuckin'
So, we don't get too attached
'Cause if this turns into something, we know there's no looking back
No looking back, nah baby
No looking back, nah baby

Pull up on you, "like what it do?"
I crack a brew, you turn on a movie
Nothing to do but lay under you
Roll something, play a little music
I'll take my time
If it go down, it go 'til the morning
If I go down, you won't let me go
You gon' love me girl before you know it
We don't want that, no we don't
We won't commit, no we won't
Just call me when you get done, call me when you get home

We only kiss when we fuckin'
So, we don't get too attached
'Cause if this turns into something, you know there's no looking back
No looking back, nah baby
No looking back, nah baby
We only kiss when we fuckin'
So, we don't get too attached
'Cause if this turns into something, you know there's no looking back
No looking back, nah baby
No looking back, nah baby

Hit me up around eight or nine
Wanna come over, let's watch a movie
I'm on my way, you tell me to wait, say your place is a mess
Doesn't matter to me
Don't waste your time
Be there in ten, better buzz me in
We say we don't want no love in this,
But we're intimate you don't resist
We might get lit in the moment, but I'm the shit and you know it

Just call me when you get done, call me when you get home

We only kiss when we fuckin'
So, we don't get too attached
'Cause if this turns into something, we know there's no looking back
No looking back, nah baby
No looking back, nah baby
We only kiss when we fuckin'
So, we don't get too attached
'Cause if this turns into something, we know there's no looking back
No looking back, nah baby
No looking back, nah baby

We only kiss when we fuckin'
So, we don't get too attached
'Cause if this turns into something, we know there's no looking back
