

Fast Car

Syd

Kiss me like you mean it now
Right here in the front seat
Don't care that they're beeping now
Hope they're all watching
Help me take my seatbelt off
And put it in park, babe
We gon' piss some people off
But right now that's where we belong
Right here in your fast car

Take me there
I wanna ride
No one can see inside
Do with me what you like

So take me there
I wanna ride
I got you runnin' lights
Shifting these gears of mine

Take me there
I wanna ride
No one can see inside
Do with me what you like

So take me there
I wanna ride
I got you runnin' lights
Shifting these gears of mine

(Take me there)
In your fast car

So kiss me like you mean it, girl
I'll turn up the speakers, girl
Ain't no one around to see
Ain't no paparazzi
Do the little thing you do
And I'll reach out my hand to you
Take me where you wanna go
Doesn't matter, near or far
If I'm driving your fast car

Take me there
I wanna ride
No one can see inside
Do with me what you like

So take me there
I wanna ride
I got you runnin' lights
Shifting these gears of mine

Take me there
I wanna ride
No one can see inside
Do with me what you like

So take me there
I wanna ride
I got you runnin' lights
Shifting these gears of mine
