Getting Late

Syd

Ooh, babe
You just fell in love with me again
Said uh-ooh, babe
To think we started out as only friends
I had you all along
Didn't know it then
Who would've thought we'd ever fall in love
Like that, that

Clock's tickin', it's gettin' late
But we just don't wanna go to bed
Hear the clock tickin', it's gettin' late
But we just don't wanna go to bed
I got you all alone
You're ready babe
You know I hate to keep you waiting long, yeah, yeah
And in your wildest dreams
I hope you see me

Ooh, babe
You just don't seem to understand
Said uh-ooh, babe
You gotta be the best I ever had
I prayed so long and hard
That you'd come to me, babe
You know you're safe with me, just let your guard down
Yeah, yeah

Clock's tickin', it's gettin' late
But we just don't wanna go to bed
Hear the clock tickin', it's gettin' late
But we just don't wanna go to bed
We do this all the time
And I love it babe
You'll never know another lonely night
Yeah, yeah
