

## Out Loud

Syd

I've been wondering  
Are we anything?  
Or is it just out of my hands?  
Out of my hands

I can't ignore it  
Don't understand  
Why you haven't told your friends  
I wish you would call them

Tell them everything about me  
How you feel around me  
How you feel about it  
You can't live without it  
Tell them what I'm doing for you  
That you know I adore you  
Tell them, babe  
(Tell 'em, baby)  
Tell them, babe (Tell 'em, babe)

Go ahead and say it  
Go ahead and say it out loud  
I want you to tell me right now  
Usually you're running your mouth  
Don't know what you're running  
Don't know what you're running from now  
I know where you're coming from now  
I just wanna hear it out loud

Go ahead and say it  
Go ahead and say it out loud  
I want you to tell me right now  
Usually you're running your mouth  
Don't know what you're running now  
I know where you're coming from now  
I just wanna hear it out loud  
Baby, go on and say it out loud

Speak up  
Why all a sudden you're quiet?  
Why suddenly you're shy?  
Suddenly you ain't mine

You've been mine for some time  
Making them sounds all night  
Boy, you way too high  
You could never deny me to the ears of your neighbors  
The eyes of the strangers that watch us when we walk by  
'Cause I've been loving you right

So what's with all the silence?  
Baby, you don't gotta hide at all

Tell them everything about me  
How you feel around me  
How you feel about it  
You can't live without it

Tell them what I'm doing for ya  
Let 'em know I adore ya  
Tell them, babe  
Tell them, babe

Go ahead and say it  
Go ahead and say it out loud  
I want you to tell me right now  
Usually you're running your mouth  
Don't know what you're running  
Don't know what you're running from now  
I know where you're coming from now  
I just wanna hear it out

Go ahead and say it  
Go ahead and say it out loud  
I want you to tell me right now  
Usually you're running your mouth  
Don't know what you're running now  
I know where you're coming from now  
I just wanna hear it out loud  
Baby, go on and say it out loud
