Make Me Yours

Syleena Johnson

I never had a love to call my own
I was about to give up and then you came along
Just to have your tender ways
Thrills me for days and days
I don't care what nobody say
I want you for always

Now that I found you
I want to stay around you
So make me yours, make me yours

You already conquered, my heart and my soul
Now I want you to take full control
I need the love that only you can give
If I can't have it, I don't want to live, no
I never had a love so sweet
I never thought I'd be lucky enough to meet
A guy with all your charms, hold me with loving arms
Make me feel secure and warm
Cause my heart to run

And now that I found you
I want to stay around you
So make me yours, make me yours

Oh, now that I found you
I want to stay around
So make me yours, make me yours, baby

Take me baby
Make me what you want me to be
So whatever you need
You can always find in me

Love me baby, and keep me by your side
So wherever you go, I won't be satisfied

Make me yours, baby, make me yours
Make me yours, make me yours
Make me yours, make me yours
Make me yours, baby, I need you to make me yours

Now that I found you
I want to stay around you
So make me yours, make me yours
So make me yours, I wanna be yours, baby
I wanna be yours
I'm yours
I'm yours

Make me yours
