

Plight Of The Soul

Sylosis

Twisting
Into a lifestyle of anger
Wasting away
Thoughts of becoming entangled with hate
Lacken the strength to relinquish this state

(Damnation)
Awaken inside
(Damnation)
The eye of the storm
(Damnation)
The face of denial
(Damnation)
The plight of the soul

Watching the states of dissections
Denying your pain
Fear of your judgement has turned you to stone
Such a temptation to face it alone

Coward
Will you ever learn?

We'll rise
And breathe again
Enjoy your suffering

Striving
Finally reaching the moment
For-filling at last
None of the promise you buried inside
All the perception that you still deny

(Damnation)
Awaken inside
(Damnation)
The eye of the storm
(Damnation)
The face of denial
(Damnation)
The plight of the soul

We'll rise
And breathe again
Enjoy your suffering
