

Ferris Wheel

Sylvan Esso

August in the heat
Sweaty in the street
Tilt-a-whirling

I can feel your eyes
Find me in the crowd
Think you like me now

I've been seeing you everyday
On my block in your white tee
You're looking pretty fine to me
So why are you waiting?

When I'm slamming in my dancing shoes
Asphalts hot and my knees all bruised
It's the summer gotta lot to prove
Can't wait to do it can you? (NO!)

Oh, I'm swaying from side to side
In the neon lights
Sainted halo underworld goth vibes
You'll do fine for tonight

Take me, take me, me
Ferris Wheeling, babe
It's the air I crave

When we're up so high
Salty wind at night
Make out mountain time

I've been seeing you everyday
On my block in your white tee
You're looking pretty fine to me
So why are you waiting?

When I'm slamming in my dancing shoes
Asphalts hot and my knees all bruised
It's the summer gotta lot to prove
Can't wait to do it can you? (No!)

Oh, I'm swaying from side to side
In the neon lights
Sainted halo underworld goth vibes
You'll do fine for tonight

You'll do fine for tonight
You'll do fine for tonight

I've been seeing you everyday
On my block in your white tee
You're looking pretty fine to me
So why are you waiting?

I've been seeing you everyday
On my block in your white tee
You're looking pretty fine to me

So, so why are you waiting?

When I'm slamming in my dancing shoes
Asphalts hot and my knees all bruised
It's the summer gotta lot to prove
Can't wait to do it can you? (No!)

Oh, I'm swaying from side to side
In the neon lights
Sainted halo underworld goth vibes
You'll do fine for tonight

You'll do fine for tonight
You'll do fine for tonight
