

PARAD(w/m)E

Sylvan Esso

Speedy, speedy, slow down time
Gas station is running dry
Mm, hey hey, mm
Sweaty, sweaty, wonder why
Now it's always summer time
Mm, hey hey, mm

It's all gone but here we're gonna stay
Anyway but, the concrete is limp
So we're making a parade

It goes left, nothing there
It goes right, watch your step
It goes left, don't look now
It goes right, look straight ahead
Go ahead, go ahead, go ahead, go ahead
Maybe there's some food up there

P-A-R-A-D with me
Yeah there's nothing left to ruin, yeah we finally got free
How's that for manifesting our destiny
P-A-R-A-D with me

Salty, salty, water dried
Oceans are gone with the tide
Mm, hey hey, mm
Steamy, steamy, breaths and shine
Flowers, grass and trees all died
Mm, hey hey, mm

It's all gone but here we're gonna stay
Anyway but, the concrete is limp
So we're making a parade

It goes left, nothing there
It goes right, watch your step
It goes left, don't look now
It goes right, look straight ahead
Go ahead, go ahead, go ahead, go ahead
Maybe there's some food up there

P-A-R-A-D with me
Yeah there's nothing left to ruin, yeah we finally got free
How's that for manifesting our destiny
P-A-R-A-D with me

P-A-R-A-D with me
Yeah there's nothing left to ruin, yeah we finally got free
How's that for manifesting our destiny
P-A-R-A-D with me
