

Train

Sylvan Esso

Gimme a ticket to ride that train
Wind in my hair
Nothing in my brain

Pop music make me go insane
Four on the floor
And the tracks keep changing

Gimme a ticket to ride that train
Not a train, but a private plane
It's an electric slide in my DMs
Request it if you want
But you'll be buried in the end

You breathing heavy?
I can't wait
I'm not aggressive
I'm just under paid

Pour on the water you need to hydrate
Keep biting my style
Keep eating that cake

Look at you running
You're so late
You only own it once it's proven safe

You wanna go?
Come on inside
Lemme take, lemme take
Take you for a ride

Gimme a ticket to ride that train
Wind in my hair
Nothing in my brain
Pop music make me go insane
Four on the floor
And the tracks keep changing

Gimme a ticket to ride that train
Not a train, but a private plane
It's an electric slide in my DMs
Request it if you want
But you'll be buried in the end

'Cause you're just a Pink Moon
You're a January Rain
Oh, the Water
It's Raining Men
You're an American Girl
I'm A Love Man
Cha-cha sliding on the side
Breaking Glass again

Gimme a ticket to ride that train
Wind in my hair
Nothing in my brain

Pop music make me go insane
Four on the floor
And the tracks keep changing
And the tracks keep changing
And the tracks keep changing
You're an American Girl
I'm a Love Man
Cha-cha sliding on the side
Breaking Glass again
