

# Lisa Bonet

Sylvan LaCue

I remember, I remember when I first made love to you  
Even then I had it bad, knew a nigga fell in love with you (knew a nigga fell in love)  
Told you from the gettin', baby  
You know I ain't frontin', had enough of you  
But you know I couldn't get enough of you  
Stay, need you to stay  
You know I'm losin' my way  
I got some things I been running from, I can't keep livin' this way  
Stay, please won't you stay  
I don't know what else to say  
Pray, all day I pray  
Pray for my Lisa Bonet  
Pray for my Lisa Bonet  
Pray for my Lisa Bonet

I don't ever, I don't ever  
I don't ever wanna tell you how to feel with me  
You your own woman  
Yeah I know you got some issues, get the grail with me  
I ain't comin with a devil, no  
Muh'fucker judge it baby, hell with me  
All you gotta do is deal with me

Hey, need you stay  
You know I'm losing my way  
I got some things I been running from, I can't keep livin' this way  
Stay, need you stay  
I don't know what else to say  
Just know that I pray, all day I pray  
Pray for my Lisa Bonet

I'mma need you right now, baby  
Not later, right now baby  
I'mma need you right now, baby  
Not later, right now baby  
You ain't gotta  
You ain't gotta, gotta worry bout' me baby  
Don't worry bout' me baby  
I just wanna  
I just wanna, give you what you need baby  
Give you what you need baby

Apparently ugly women be winning  
Bitches be trippin'  
I never used to use the word but shit my last girl made it hard for forgiveness  
The consequence of meeting Ms. Independence  
Irony, I found the love of my life soon as it ended  
Yo, get your life together  
You over here plotting on how to build a life together  
Family preferences, you get drunk on Henny  
Call me up and spill your feelings, I usually ain't with this extra shit  
But I come to find that's just how you convey your messages  
And you been working all week, you deserve some freak shit  
Panties on the side, hit it till' you fucking squeak shit  
Pray that we don't end up on some distant we don't speak shit

I don't face my feelings, cut you off before the deep hits  
You don't want my secrets  
I hate to see my thoughts sabotage your genuine connection tryna conceal a weakness  
Excuse me, constantly over thinking the wrong things  
Smoking hookah, contemplating what this song means  
Back on my conscious, I'm anxious about what these songs bring  
Over night it can go from these dirty couches to Palm Springs  
My biggest fear is losing you to the world I've been seeking  
Blowin' up and falling out on a mutual agreement  
Cause you tell me even if that was the case  
I'd rather risk what we had of us than play it safe

I don't ever  
I don't ever
