

## The Fear (Interlude)

Sylvan LaCue

Conversations with me inside my dome about dying was really real  
Satan plotting his kill  
Concealed demons appearing, the sun is hiding from all  
They say the bigger you are, the harder you gotta fall  
Appalled, feel as low as I started  
The target is not attained, the pain is becoming larger  
Try to pray to my father, like  
"Tell me why is this harder than other folks in my field to become the person I oughta  
Be", I don't want to be come a bother  
Accordingly I'm supposed to submit whenever I'm caught up  
Honestly I don't think I can handle losin' if near  
Tears upon tears that brought tears for years  
The fear

I swear it feels like...  
I swear it feels like I've been doing this for way too long

Tell me everything is gonna' be perfect  
I'm working hard as I can, and don't know if it's really worth it  
And I'm sorry if this offends you, I'm only human, you know this  
It's something I struggle daily with, fear is killing my soul  
But I still walk this road  
Faith upon faith, all that I know  
Like there's nowhere, nowhere to go  
Valleys of death, walk with blindfolds  
The fear
