

Medley (Could It Be Magic / A Song For You)

Sylvester

Baby, I want you
Come, come into my arms
Let me know the wonder of all of you
Baby, I want you now (Now)
Right now (Right now, now)
Hold on fast
Could this be the magic at last?

Baby, I want you

I've been so many places
In my life and time
And I've sung a lot of songs
And I have made some bad rhymes

I've acted out my life on stages
With ten thousand people watching me
We're here alone
And I'm singing this song to you

I know your image of me
Is what I hope to be
I've treated you unkindly
Darlin', can't you see through me?

There's no one more important to me
Baby, can't you please see through me?
'Cause we're alone now
And I'm singing this song to you

You taught me precious secrets
Of a true love withholding nothing, no
You came out in front and I was hiding
But now I'm so much better
If my words don't come together
Listen to the melody
My love's in there hiding

I loved you in a place
We didn't have no space or time
And I loved you with all my life
Oh, you're a friend of mine
Oh and when this life is over
You'll remember when we were together
We were alone
And I was singing this song to you, yeah

We were alone
And I was singing this song to you, yeah
We were alone
And I was singing this song to you
We were alone
I was singing this song to you, oh yes, I was
We were alone
And I was singing this song, singing this, baby

Would you come?

Come into my arms
Let me know the wonder of all of you

Baby, I want you now (Now)
Right now (Right now, now)
Hold on fast
Could this be the magic at last?

Yeah, I want you now

Mister Eric Robinson on piano
Thank you
It's all because of you, thank you so much
Thank you

I still move furniture and things
Nothing's changed
I still wear the same old rags
I still do the laundry
It's the same old me
