So Complete

Sylvia

What good is a deck of cards
Without the king of hearts?
What good is an Oreo
Without the middle part?

They're made for each other
Just like you and me
Ooh, you make my life so complete

What good is The Late Show
Without Bogie and Bacall?
What good is the radio
Without a Flaming Morgan song?

They just go together
Baby, like you and me
Ooh, you make my life so complete

So complete
Life is so sweet
You were the missing piece
Now my life is so complete

What good is the first star at
If you ain't got a wish?
What good is a good night
Without a goodnight kiss?

You know what I'm saying
You know what I mean
Ooh, you make my life so complete

So complete
Life is so sweet
You were the missing piece
Now my life is so complete
