

Believer

SYML

Hold the call, hold the call
Good love makes you hesitate
Rolling slow, go so slow
Melting like a long last drink
I wouldn't change one thing

Touch me like a lover
Speak to me like a friend
Teach me like my father taught me how to live again
Hold me like no other
Embrace my brokenness
Don't preach to me, a believer in a choir
You're that hallelujah sweetness on my lips

Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)

All my life, all my life
I've been chasing shiny things
Blind my face, blind my face
Save me from this suffering
Oh, can you blame my sin?

Touch me like a lover
Speak to me like a friend
Teach me like my father taught me how to live again
Hold me like no other
Embrace my brokenness
Don't preach to me, a believer in a choir
You're that hallelujah sweetness on my lips

Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)

Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me)
Touch me like a lover (Touch me, touch me, touch me)
