

# BLACK TEETH

SYML

I'm chipping at my black teeth, and nobody can stop me  
I have lost my need for them

I went to bed starving, she hit without a warning  
I wrecked it on the rocks again

Ooh baby what ya crying for? I feel no pain  
You were an honest mistake, you were an honest mistake  
Even if it don't hurt anymore, I cannot stay  
You were an honest mistake, we made an honest mistake

I'm here under the basement where everybody's faceless  
I was unprepared for that

The feed is getting glitchy, with violence and my true feelings  
I didn't need to tell you that, wake me up, I take it back

Ooh baby what ya crying for? I feel no shame  
It was an honest mistake, you were an honest mistake  
Even if it don't hurt anymore, our past won't change  
You were an honest mistake, we made an honest mistake

It was an honest mistake, you were an honest mistake  
You were an honest mistake, we made an honest mistake  
Fucking up the bed I made

(You were an honest mistake)  
(You were an honest mistake)  
(You were an honest mistake)  
(You were an honest mistake)

We're tripping on the same dream, a prison and crime scene  
I will tell them everything

Even though it don't hurt anymore, the truth remains  
You were an honest mistake
