

Break Free

SYML

Body perfection like a punch in the face
Why don't you sit down closer to me
I'm talking sex, religion, politics and stereotypes
You know I could make you weak in the knees
But when I come home late at night and I'm all alone
I can't sleep

I can't break free, I can't break free
I can't break even if it's killing me
I can't break free, I can't break free

Keep it simple, honey, don't think too much
You know we don't care what you believe
I'm just a closeted misogynist in love with myself
Don't be mad, it's everything you could dream
Exactly what you think
I can hardly hold my shit together
I need relief

I can't break free, I can't break free
I can't break even if it's killing me
I can't break free
I can't break even if I want to be free
I can't break free
I can't break even if it's killing me
I can't break free, I can't break

Oh child, tell me can you hear me crying in the night
Oh child, heaven's got me down here fighting for my life
I don't wanna hold this any longer
I'm coming clean

I can't break free, I can't break free
I can't break even if it's killing me
I can't break free
I can't break even if I want to be free
I can't break free
I can't break even if it's killing me
I can't break free, I can't break
