Chariot

SYML

In a soft electric light, in a soft electric light
I was a spark, I was daylight

I see the world for what it was, only for what it was
Stuck in the past, she is daylight

I didn't know how to get back home
I didn't know

In a soft electric light, in a soft electric light
I dance like a ghost, no soul all spirit

I'm afraid I'm not okay, I'm afraid of my last day
What if it hurts? I put my heart all in it

I didn't know how to get back home, but I'm still running
I didn't know, yeah

Wait up for me, chariot
Chariot, come carry me
Hold on, hold on to me, chariot
Chariot, come carry me

Carry me home
I'm still running
I'm still running

Carry me home
I'm still running
I'm still running

In a soft electric light, I see the world for what it was
I'm afraid I'm not okay, and I'm afraid of my last day

I didn't know how to get back home
I didn't know

Wait up for me, chariot
Chariot, come carry me
Hold on, hold on to me, chariot
Chariot, come carry me
