

# Howling

SYML

Woke up on your skin  
I've never felt like this before  
Woke up trembling  
I feel electric underwater

Lay me down low  
Lay me down low  
I'm coming down slow  
So lay me down low

We made a fire in the purest way  
When you explode it's my holiday  
I took too much it was my mistake  
But I can't be blamed  
I'm insatiable

Keep me howling baby  
I'll be your beast I'll be your dog  
Keep me howling baby  
And I'll keep begging you for more

Lay me down low  
Lay me down low  
I'm coming down slow  
So lay me down low

Come lay me down in a shallow grave  
Unholy dove don't let me fly away  
Tie both my hands, will you wash my face?  
I want to stay  
Insatiable  
Insatiable

I lay me down at the feet of your beauty  
Power my spirit awaken within me  
My blood and my body will sing out your praises  
Save me, save me, save me now

I lay me down at the feet of your beauty  
Power my spirit awaken within me  
My blood and my body will sing out your praises  
Save me, save me, save me now

I lay me down at the feet of your beauty  
Power my spirit awaken within me  
My blood and my body will sing out your praises  
Save me, save me, save me

I was made clean when you took my shame  
I was made pure in that holy place  
You set me free on my final day  
But I will remain  
Insatiable
