Wildfire

SYML

Darling please take my hand
Please get up, rise to stand

I can't be the one to sing your song
Cause I believe it's not your fault
Don't be scared you are my rock
Nothing's gonna hold you down for long

Sometimes we break so beautiful
And you know you're not the only one
I breathe you in so sweet and powerful
Like a wildfire burning up inside my lungs
I'm burning up

I'm burning up

I'm burning up

In good time, you'll come to know
When you release, when you let go
You can find yourself where you belong
You're not a curse, you're not too much
You are needed here, you are enough
And nothing's gonna hold you down for long

Sometimes we break so beautiful
And you know you're not the only one
I breathe you in so sweet and powerful
Like a wildfire burning up inside my lungs
I'm burning up

I'm burning up

I'm burning up

Darling please, don't give up
Drop your hate and sing for love
And let me be the one who sings along

Sometimes we break so beautiful
And you know you're not the only one
I breathe you in so sweet and powerful
Like a wildfire burning up inside my lungs
I'm burning up
