

All the Way Down

Synapson

She gon' come like interlude
Cramp my style then make me rude
Do whatever she gon' do
Blow my mind and leave the room
She gon' stop me halfway
Kill my bird and make me pay
All the way down
She goes all the way down

I'm gon' take her to the zoo
Show her tings and make her move
Movie I got tings for two
We ain't got no ting to do
Saw her from a mile away
She came through, now I'ma pray
All the way down
She goes all the way down

She gon' come like interlude
Cramp my style then make me rude
Do whatever she gon' do
Blow my mind and leave the room
She gon' stop me halfway
Kill my bird and make me pay
All the way down
She goes all the way down

I'm gon' take her to the zoo
Show her tings and make her move
Movie I got tings for two
We ain't got no ting to do
Saw her from a mile away
She came through, now I'ma pray
All the way down
