

Hide Away

Synapson

Oh, wherever you go
you know I will follow you
You know I will run to you
Oh, the sun and the moon
It don't matter what you do
You know I will run to you

Can't live in all this time, I'm hurting for you
But you feel like home burn
Love you give, it lifts so high I'm dying for it
I'm dying for it
And I can't let you go

Hide away, hide away from me
Hide away, hide away from me
Hide away, hide away from me
Or you lose
Or you lose

Hide away, hide away from me
Hide away, hide away from me
Hide away, hide away from me
Or you lose
Or you lose

If you hide away I'll hunt you down
And follow you to the end of the earth
My heart beats with yours
My lungs breathe with yours
You're a piece of me
I can't hide away

Oh, I'm under your spell
I'm aching and I'm fading
And nobody can see
I'm your heartbeat
You're a part of me

Can't believe in all this time I'm hurting for you
But you feel like home burn
Love you give, it lifts so high I'm dying for it
I'm dying for it
And I can't let you go

Hide away, hide away from me
Hide away, hide away from me
Hide away, hide away from me
Or you lose
Or you lose

Hide away, hide away from me
Hide away, hide away from me
Hide away, hide away from me
Or you lose
Or you lose

Hide away, hide away from me

Hide away, hide away from me
Hide away, hide away from me
Or you lose
Or you lose
