Synapson

Tessa B, BA  
You know what to say  
Uh, come on

Got me open, I'm always on  
Feels so good, you can't be wrong  
Mornin' till the night  
One girl could do me right  
Tell me when we meet, and, uh  
Let me know 'cause this thing is heatin' up  
We can meet at the peak  
Around the same time I met you last week

Feel like a star and you feel the same  
Looks like we want it, baby  
You show up, boy, and wearing that gold  
Looks like I'm already there

Feel like a star and you feel the same  
Looks like we want it, baby  
You show up, boy, and wearing that gold  
Looks like I'm already there  
(Uh, can't hold the spot, uh, I can't hold the post)

I'm gonna tell you where to meet me  
But you make your move, boy  
(We show up, we show out)  
(You know when, you know how)  
My head is so gone  
I'm not sure I can hold a thought  
(We show up, we show out)  
(You know when, you know how)

I'm gonna tell you where to meet me  
But you make your move, boy  
(We show up, we show out)  
(You know when, you know how)  
My head is so gone  
I'm not sure I can hold a thought  
(We show up, we show out)  
(You know when, you know how)

Yes we bringin' it all down

I don't wanna show up if you're not on the scene  
I don't wanna, I don't wanna  
I don't wanna go out if you're not there with me  
I don't wanna, I don't wanna

I give a sign and you call my name  
Looks like we're back in the game  
(I can't hold the thought, a-come on)  
You play the role and I lose control  
(A-come on)  
Looks like we're already there

I'm gonna tell you where to meet me

But you make your move, boy  
(Uh, uh, we'll shake it down)  
(Shake it down, shake it, shake it, yeah)  
My head is so gone  
(Come on)  
I'm not sure I can hold a thought  
Mmh-mmh-mmh

I'm gonna tell you where to meet me  
But you make your move, boy  
My head is so gone  
I'm not sure I can hold a thought

I'm gonna tell you where to meet me  
But you make your move, boy  
(We show up, we show out)  
(You know when, you know how)  
My head is so gone  
I'm not sure I can hold a thought  
(We show up, we show out)  
(You know when, you know how)
