

I been thinkin' 'bout you, haven't got much sleep  
Worried that you already done replaced me  
Worried I done it took far and you too hurt to hear me  
Smokin' on a Backwood 'cause I miss my ex  
Now I'm ovulatin' and I need rough sex  
Knowin' you gon' block me tomorrow, can you still come and get me?

Missin' my daddy when the nights get cold  
Wishin' I didn't wanna sell my soul  
Wishin' that it wasn't so hard, man, I'm on my knees

Get a rise out of watchin' you fall  
Get a kick out of missin' your call  
I hate me enough for the two of us  
Hate that I can't let go of you enough, this why  
I fuck 'em 'cause I miss you  
I fuck 'em 'cause I really miss you  
I fuck 'em 'cause I miss you

I just had to get my rocks off  
Your got no loyalty, you push me 'til I pop off  
I beg for empathy, you gave me nothin'  
So hard without you (So hard without you)  
I feel it comin', you gon' find another one  
To keep you comin', tuck you in, at night I wonder  
Will you call me? Will you hang me out to dry?

Missin' my daddy when the nights get cold  
Wishin' I didn't wanna sell my soul  
Wishin' that it wasn't so hard, man, I'm on my knees

Get a rise out of watchin' you fall  
Get a kick out of missin' your call  
I hate me enough for the two of us  
Hate that I can't let go of you enough, this why  
I fuck 'em 'cause I miss you  
I fuck 'em 'cause I really miss you  
I fuck 'em 'cause I miss you

I'm lookin' for comfort, I knew all along  
I knew that you loved her, since we droppin' bombs  
I fuck 'em 'cause I miss you  
I fuck 'em 'cause I really miss you  
I fuck 'em to forget you  
I fuck 'em 'cause I miss you  
I fuck 'em 'cause I miss you  
I try to run, but I don't block 'em  
Fuck 'em, but I don't cuff 'em  
I fuck 'em 'cause I miss you
