

## Love Language

sZa

Said, "Patience ain't no virtue with you"  
I done wasted plenty time pacin' around, hate this coupe  
You with bitches on the side and let my mind wonder too  
You relentless, nigga, I don't need rent, nigga  
Text me like I'm waiting for you to come lie to me  
All my days sayin', just to hurt me, I can't compete  
Still on the way, I lay awake, give you none around me  
I'm so on to you, still gone for you

Needin' you to talk to me in your love language  
Show me, yeah, how to connect to you  
Help me understand how you speak your love language

Bad as I wanna be yours, I can't get with your program  
Sexin' like a slow jam, stick around 'cause I want to  
Bad as I wanna keep focus, you remind me I'm imperfect  
And it sucks to admit  
Nobody put that purpose in me like you do, still  
Nobody get that work up out me like you do  
Nobody get the truth about me quite like you  
You the definition of my right hand  
Never mind ridin' backseat when you leave me

Talk to me in your love language  
Show me, yeah, how to connect to you  
Help me understand how you speak your love language

Call me like you can't suppress memories of me  
Call me like you got confessions queued up  
Like ya' last bitch, lookin' chewed up, baby  
Call me like you don't regret missin' this old thing  
Babe, call me  
You know the difference between me and chickens

You don't wanna be, be without me  
You don't want to leave  
I don't want to die, ooh, no  
I don't wanna be alone, oh  
All that I know is mirrors inside me  
They recognize you, please don't deny me
