

## Miles

Wish I could be a little more mature  
Did my time, did myself for sure  
River wide, got myself afloat  
Demons die if I don't support  
Demons die if I don't support  
And why can't I be like everybody else? (Oh, oh)  
Losin' my mind, think I look good when I'm really just high  
Scared of my life when, can a bitch get by? (Get by)  
Sick of listening to everyone else (Oh, oh)  
Sick of my pride (Ooh), sick of just sayin' shit just to be nice (Oh)

Scared of this world, how do I get by?

Miles runnin' wild in my head (Miles runnin' wild)  
Pacin', going back instead of movin' forward  
Time is movin' forward (Yeah, yeah, yeah)  
Miles runnin' wild in my head (Miles runnin' wild)  
I'm scared of movin' forward  
Time keep movin' forward, forward
