

My Turn

sZA

I don't care about what you seen in me
You were not who you pretend to be
I will regret giving my last, man
I should've let you crash out
Can't believe you blaming me
Stuck by your side, thin, thick, yeah
Even when you was just some side dick, yeah
Put you first even before all my shit, yeah
Life ain't fair, but still, I'm diggin' you, baby

If I let you push me off the ledge too
Yes, I got regrets too
And they say life ain't fair
But it's still forgivin' you, baby

My turn, mine to do the hurtin'
Your turn to man the burden
My turn, 'cause I deserve this
My turn, my turn
My turn, I did the learnin'
Your turn to do the hurtin'
My turn, 'cause I deserve this (My turn)

I ain't tried to call again
Pick me up when you see me
I don't care about no new bitches
I'm on my way, bye again
Hit me back when you wake up, I don't care if you busy
Ooh, I let you do me like a dummy
Had me lookin' like mama raised me on my bummmy
Oh no, I'm focused on nothing but this money
Oh, you about to see how this shit hit without me

If I let you push me off the ledge too
Yes, I got regrets too
And they say life ain't fair
But it's still forgivin' you, baby

My turn, mine to do the hurtin'
Your turn to man the burden
My turn, 'cause I deserve this
My turn, my turn
My turn, I did the learnin'
Your turn to do the hurtin'
My turn, 'cause I deserve this (My turn)

This shit ain't up to you
I decide when I had enough, it's done for you
Pack it up and you keep all of your bitches too
Choosin' up, know what I gotta do

My turn, mine to do the hurtin'
Your turn to man the burden
My turn, 'cause I deserve this
My turn, my turn
My turn, I did the learnin'
Your turn to do the hurtin'

My turn, 'cause I deserve this (My turn)
