

Seek & Destroy

sZa

You push me past my own capacity, boy
Permission to crash, collectin' damages, boy
No reachin' and grabbin', far more clarity now
Seek and destroy, oh, missiles deployed

Do it to you, do it to you
I had to do it to you
Do it to you, oh-oh-oh-woah-ah
Don't make me do it to you
Do it to you, do it to you
I hate to do it to you, damn
Do what I gotta do (Ooh-ah-ah-ah-ah)

I can't stand it, the urge
It's so demandin', I'm hurt
So necessary, the art of war
God damn, man, I'm dreamin'
Now that I've ruined everything, I cannot complain
Now that I've ruined everything, I'm so fuckin' free
Now that I've ruined everything, keep it all for me
Now that I've ruined everything, space is all I need

Do it to you, do it to you
I had to do it to you
Do it to you, oh-oh-oh-woah-ah
Don't make me do it to you
Do it to you, do it to you (Oh-oh, ah-ah)
I hate to do it to you, damn
Do what I gotta do (Ooh-ah-ah-ah-ah)

Chasin' fatter ass and fake connections
Chasin' for signs in all directions
Chances I ride, got no directions
Beggin' my angels for protection (Do it to you, oh)
Danger arise and not deflectin'
New dick arrives and I erect it
Beggin' my angels for protection
Make him a star, they directless
Oh-oh-oh-oh-oh

Do it to you, do it to you
I had to do it to you
Do it to you, oh-oh-oh-woah-ah
Don't make me do it to you
Do it to you, do it to you (Oh-oh, ah-ah)
I hate to do it to you, damn
Do what I gotta do (Ooh-ah-ah-ah-ah)

All the hate I know
Is used to fuel my soul
No controllin'

Do it to you, do it to you, uh
All the hate I know
Is used to heal my soul
No controllin'
Do it to you, do it to you, oh
