

# Tread Carefully

sZa

You wonderin' why I (Why I)  
Don't come around like I used to  
Play around like I used to  
It's not you, it's me, I got a  
A different set of urgencies now  
Scared of watchin' my life go down the drain  
Can't let it be you in my way, so I

Tread carefully, no bra  
Tread carefully, no panties  
I tread carefully 'til I'm on top of you  
And now I regret comin' over here  
Why you comin' over here?  
You know what you're doin'

I can't front, I want you bad as you want me too  
Can't front, really want you bad as you want me too (Ah)  
I want you bad as you want me  
And I bet it's good 'cause you know what you're doin'  
You know what you're doin'

How do you feel fightin' your feelings?  
Scared of your feelings, livin' in whiteout  
I can't see nothin' but you, starin' down my headlights  
Gotta get my head right, damn, I been here all night now  
Gotta get my ways together (Get your shit together)  
Gotta gather all my shit, (Yeah) I said I wouldn't stay all night

But it's 7 AM, I'm gonna miss my next meetin' f\*ckin' wit' you  
Guard's down f\*ckin' wit' you  
I'm makin' bad decisions how I'm livin' and I like it  
We're stuck in the feeling (Never havin' anybody)  
But you're feelin' nobody enough  
Stuck in the feeling (Never havin' anybody)  
Got your hands all on me, so I

Tread carefully, no bra  
Tread carefully, no panties  
I tread carefully 'til I'm on top of you  
And now I—

I can't front, I want you bad as you want me too  
Can't front, really want you bad as you want me too (Ah)  
I want you bad as you want me  
And I bet it's good 'cause you know what you're doin'  
You know what you're doin'

I can't front, I want you bad as you want me too  
Can't front, really want you bad as you want me too (Ah)  
I want you bad as you want me  
And I bet it's good 'cause you know what you're doin'  
You know what you're doin'
