

# What Do I Do

sZa

Hello?

Last night, you called on accident  
Heard you fuckin' on the other end  
It's too late, it'll never be the same again  
Too late, never be the same

Said last night was a fluke and you know it  
This shit that we doin' so bogus  
Can we keep it up?  
I'm not strong enough  
Boo'd up, got me so screwed up  
I wish you all of the best

Even though you with that bitch now  
I get emotional, it's hard to shut it off  
You're still the one that get me, though, you so reliable  
That's why I ride for you, damn right, I'd die for you

Bet she with you right now, on it  
Know she with you right now, on it  
What do I do?  
Bet she with you right now, on it  
I know she with you right now  
What do I do?

Hold on, you still didn't let it, you made it so hard  
And I can't let down my guard  
You're a fling that went too far  
Told you I need honesty  
But you want that old me  
You want that pull up, so why don't you mean it? Show me

Even though you with that bitch now  
I get emotional, it's hard to shut it off
