Who are you? Secretly
The silhouette reflected in the mirror
Long hair, persuasive murmuring
It's almost like the
Prologue of a drama
It's up to you which direction the dealings go

Whatcha gonna do now
If our eyes meet
Whatcha gonna be now
That's the sign
The pistol of love, it conceals the rouge
If I pull the trigger
Lock on you!

Beautiful Sniper
I'll shoot you out
By my charm
Oh Ma Oh Ma Baby
Beautiful Sniper
With the eyes of a kitten
That heart of yours
I'll shoot you dead so are you ready?
Bang! Bang! Bang!

Oh Oh Oh Oh
Beautiful Beautiful Sniper
Ma Ma Ma Ma Ma Boy

Whatever, that's right
There's no way I'll miss my shot
My plans are always perfect
You definitely won't know
The hidden mission
So let's enjoy the thrill

Whacha gonna do now
If you touch this hand
Whacha gonna be now
It means you lose
Turning the dial according to the code of love
The code is cracked
Lock on you!

Beautiful Sniper
I'll shoot you out
So be prepared
Oh Ma Oh Ma Baby
Beautiful Sniper
With a beautiful shot
That heart of yours
I'll shoot you dead so are you ready?
Bang! Bang! Bang!

Oh Oh Baby Ma Boy
I'll sneak in unseen
Deep in your heart
With a daredevil attitude
Makin' you lose control
Just now like this
With these thoughts, you know my mind?
What do you want now
Hey baby no matter who my opponent is
I'll get you down!
