In a narrow and deep place
Like dust building up
The thick darkness wraps around me
But there's a small twinkle inside
Now I finally realize that's me
Yeah I know it's true

One by one, my dreams are spreading

Knock, Knock, Knock on the door
You won't know that I'm standing so far away
I may seem transparent but I'm strong
(Back in my world, Back in my world)

Yep, yep, Look at me now
The light in me is clearer
You'll be more amazed, the closer you look

Cuz I'm the Diamonds only Diamonds only
Brighter than anyone else
I add a special touch to the darkness

Diamonds only Diamonds only
Only shine on me, put wings on me
I add a special touch to the beauty

Even after a long time, there is no shaking
Like treasure that's on another level

Everyone wants me like a fantasy
You can check others out but the only one who can handle me
In the end, it's you

Knock, Knock, Knock on the door
If you only look, you'll be curious
It'll spread in your head

Yep, yep, Look at me now
I'm more detailed than you think
You'll want me in my hidden self

Cuz I'm the Diamonds only Diamonds only
Brighter than anyone else
I add a special touch to the darkness

Diamonds only Diamonds only
Only shine on me, put wings on me
I add a special touch to the beauty

So you can dream in this lost world
Cuz I'm the Diamonds only Diamonds only
So you can't hide it, so my heart will reach you
I add a special touch to the beauty

Diamonds only Diamonds only
I want to dazzle and spread my wings
I add a special touch to the beauty
