I can't, it hurts, please don't do this
If you get to know me, I'm a small and soft girl

You're bad, I hate you, can't you
Really see me? Look at me, I want to
Be in love with you

I'm smiling but why am I crying?
I'm here but where are you looking?
Look at me, calling you from behind

I love you, I love you, only you
You're my painful love
A love that's by my side but a love I can't have

Only you, only you, I love you
Because of this painful love, it doesn't stop
Tears keep coming, I love you

I know, I don't like it, I hate myself for
Being like this. It's strange, I close my
Eyes but I see you

When will you reach me?
Whose name are your lips calling?
Look at me, I'm calling you from behind

I love you, I love you, only you

You're my painful love
A love that's by my side but a love I can't have

Only you, only you, I love you
Because of this painful love, it doesn't stop
Tears keep coming, I love you

Please look back just once, at least once
Don't say that I'm just a friend

I love you, I love you, why can't you hear?
Must I say it for you to know?
I'm by your side not as a friend but as a lover

Only you, only you, I love you
Because of this painful love, it doesn't stop
Tears keep coming, I love you
