Whenever I'm going somewhere alone
Why do you keep asking who I'm with?
You tell me I should be careful of guys
Why are you confusing me?
(You make me wonder why)

How could you be so stupid and not know?
You really don't know a girl's heart

My heart is burning away
But your words take no notice
Stop taking a taste because my head hurts

Am I too good to give away?
So are you purposely trying to make me jealous?
Am I too good to give away?
Can you be a man and tell me straight up?

Huhuhu huuhuhu
Huhuhu Am I too good to give away?
Huhuhu huuhuhu
Huhuhu Am I too good to give away?

You call me regardless of time or place
You keep poking your nose in my business
Who are you to treat me like this?
Can't you be honest?
(Why can't you see my mind)

How could you be so stupid and not know?
You really don't know a girl's heart
My heart is burning away
But your words take no notice
Stop taking a taste because my head hurts

Am I too good to give away?
So are you purposely trying to make me jealous?
Am I too good to give away?
Can you be a man and tell me straight up?

What you waiting for
Why are you hesitating?
Is it because you don't want me but I'm too good to give away?
Tell me the truth and show me your heart
Don't lose a girl like me
Why can't you see my mind

Am I too good to give away?
So are you purposely trying to make me jealous?
Am I too good to give away?
Can you be a man and tell me straight up?

Huhuhu huuhuhu
Huhuhu Am I too good to give away?
Huhuhu huuhuhu
Huhuhu Am I too good to give away?
