Keep on walking on your way

Somehow I understand you  
It's been a long relationship  
You don't have to say  
I'd be worried forever if I can't be with you  
Today is the end of your cry  
Goodbye gloomy days

What should I do if everything seems to be hopeless

Even if nothing makes sense  
I'll go out today and laugh  
There should be a good thing tomorrow

I'm sure You are on the way  
Don't stop  
The important thing is to Keep on Walking  
Even if I lost the trace of the way  
With energy Keep on walking on your way

Under the slogan "Is secret to anyone"  
I bought two cans of coffee  
Shall we go for a walk?  
As usual in that place, let's meet at the same place  
At the moment when our eyes match,  
Hello again my friend

Everyone has worries  
Happiness is how to catch up  
Hey you don't have to tell me to hang in there  
Everyone, don't lose the strength of your shoulders

So you are on the way and it's not a mistake  
I definitely look back to that way  
Looking to each other  
Step by step Keep on walking on your way

I'm sure You are on the way  
Don't stop  
The important thing is to Keep on Walking  
Even if I lost the trace of the way  
With energy Keep on walking on your way

Please call me when we can't see each other  
I'll fly there right away Dear my friend

So You are on the way I haven't forgotten it  
I'm still loving you  
Though we have been friends all this time  
Don't change and Keep on walking on your way

Don't stop  
The important thing is to Keep on Walking  
I won't lose it I turn toward  
What is in front of me
